Blueprint for OASIS Accuracy Two Day Workshop

Workshop Presenters:

Rhonda Will, RN, BS, COS-C, a registered nurse, has been in home health since 1979 as a direct care provider, intake and utilization manager, quality improvement coordinator and staff educator. Since 1999, she has developed and

conducted provider training nationally related to OASIS diagnosis coding and regulatory compliance. Rhonda specializes in medical record review to identify OASIS and coding accuracy and to determine compliance with the Medicare Home Health and Hospice benefits. She currently provides content expertise to the CMS OASIS Q&A Mailbox Contract. She holds both the Certificate for OASIS Specialist (COS-C) and Board Certified Home Health Coding (BCHH-C) designation and is an AHMIA approved ICD-10-CM trainer. Rhonda is a Senior Consultant with OASIS Answers, Inc.

Kim Corral, RN, COS-C is a registered nurse, with a Master's in Education, practicing in home health since 1984, with much of her career in home health. She has been a leader in

both clinical and operational positions at the regional and national level with large corporate home health agencies, providing the clinical voice of quality, while increasing efficiencies. Kim has extensive experience speaking for national home care organizations on OASIS data collection and strategies, documentation standards, and operational processes to support OASIS and ICD-9/10-CM coding accuracy. She holds both the Certificate for OASIS Specialist-Clinical (COS-C) and is an AHIMA ICD-10-CM Trainer. Kim is a Senior Associate Consultant with OASIS Answers, Inc.

OASIS C2 Data Set:

Effective, up-to-the-minute education targeted for field data collectors, their supervisors and those preparing for the COS-C Exam.

Experience the comprehensive and nationally acclaimed two-day Blueprint for OASIS Accuracy workshop and learn to confidently teach, audit and collect OASIS-C2 items accurately. Through guided, expert instruction, and participation in problem-solving discussions and application scenarios, achieve mastery of the OASIS items, conventions, and the latest data collection rules.

Rather than provide opinions, assumptions, or unfounded interpretations, the "Blueprint" presenters will model reliance on CMS guidance documents and provide and demonstrate strategies for how to find defensible answers to your OASIS questions.
