Blueprint for OASIS Accuracy Two Day Workshop

Workshop Presenters:

Wendy Anemaet, PT, DPT, PHD, GCS, CWS, COS-C is a physical therapist since 1989 with experience in home health, acute care, rehab, outpatient, and skilled nursing. She is an Associate Professor at the School of Physical Therapy at Regis University in Denver, Colorado. Wendy is a Geriatric Clinical Specialist (GCS) and Certified Wound Specialist (CWS), has a Geriatric Training Certificate (GTC), and serves on the editorial board of *Topics in Geriatric Rehabilitation*. She has co-authored books on home health rehabilitation and has published hundreds of articles on home health therapy in peer-reviewed and trade publications. She provides training nationally on geriatric strengthening, wound assessment and management, falls prevention, and competency testing for home health physical therapists on the drug regimen review and pharmacology. Wendy holds the Certificate for OASIS Specialist-Clinical (COS-C) designation and is a Senior Associate Consultant with OASIS Answers, Inc.

Nancy Buseth, RN, PT-BS, COS-C has 19 years of home care experience working as a staff therapist, assessment therapist, rehab director and director of referral management. She has extensive experience in medical record reviews to assess Medicare compliance, OASIS accuracy, and ongoing documentation that meets Medicare criteria for medical necessity to ensure that standards are met and to prevent loss of revenue. She has a unique insight into the practice patterns and characteristics of both nursing and therapy practitioners and leadership, given dual licensure as an RN and PT. She has experience in working with Quality Improvement interdisciplinary teams to develop action plans to improve OASIS accuracy, patient assessments and outcomes. Nancy holds the Certificate for OASIS Specialist-Clinical (COS-C) designation and is a Clinical Consultant with OASIS Answers, Inc.

OASIS C2 Data Set:

Effective, up-to-the-minute education targeted for field data collectors, their supervisors and those preparing for the COS-C Exam.

Experience the comprehensive and nationally acclaimed two-day Blueprint for OASIS Accuracy workshop and learn to confidently teach, audit and collect OASIS-C2 items accurately. Through guided, expert instruction, and participation in problem-solving discussions and application scenarios, achieve mastery of the OASIS items, conventions, and the latest data collection rules.

Rather than provide opinions, assumptions, or unfounded interpretations, the “Blueprint” presenters will model reliance on CMS guidance documents and provide and demonstrate strategies for how to find defensible answers to your OASIS questions.
