Intermediate ICD-10-CM Coding

Workshop Description. . .

Change is the name of the game and 2024 is no different with many new ICD-10 coding updates that will go into effect Oct. 1, 2023, plus changes in the home health payment system. Join Lisa Selman-Holman in this two-day intermediate coding class as she discusses diagnosis coding in PDGM, including the impact of the primary diagnosis and comorbidities changes on payment calculation and claim submission, especially considering the recent cutbacks.

Attendees will explore the connection between accurately addressing code selections in care planning. Lastly, attendees will dive into home health and hospice coding practice, F2F issues, and common misunderstandings will be clarified with plenty of scenarios and tools to increase your accuracy in ICD-10 coding.

■ ■ REMINDER

Don't forget to bring your current **ICD-10-CM Coding Manual** to the workshop.

Lisa Selman-Holman, JD, BSN, RN, HCS-D, COS-C, HCS-O, is Vice President of Quality & Education at McBee, she brings more than 36 years of experience in the home health &

hospice industry, specializing in regulatory compliance, both as an RN and a home care attorney. Lisa founded Selman-Holman & Associates and CoDR (Coding Done Right), a coding outsource and audit company in 2004. Lisa has a wide range of regulatory experience in home health and has served on numerous committees and task forces. Selman-Holman was recently acquired by McBee in July 2021. In her role as VP of Education and Quality, Lisa leads the quality audit team to ensure the highest-level of accuracy in coding and clinical documentation internally at McBee and externally for clients nationwide. She will expand McBee's educational offerings, including live events and on-demand online trainings through the McBee Post-Acute Academy.
