

# OASIS-D: Checkpoint

## *Webinar*

February 20, 2019 | 2:00-3:00pm CST

**Join us for an OASIS D Check-Point. OASIS-D has been in effect since January 1, 2019. We'll spend an hour together:**

- Reviewing OASIS items clinicians have expressed, or documentation suggests difficulties. We'll share recommendations for decreasing difficulty.
- Submit your burning issues to [richard@ahhcnc.org](mailto:richard@ahhcnc.org) beforehand so the presenter can address or find the best resources to help.
- Updates from CMS on additional OASIS D clarification that may be helpful to your organization
- Provide time at the end of the hour for any of your additional questions and needs for our next OASIS D Check-Point.
- It's all about sustaining, we are here to help.

Participants will gain the following:

- A baseline of what is going well, areas where clinicians experience difficulties, and we'll point out key examples to monitor.
- Learn and exchange ideas and clinical practice recommendations to help you with your OASIS-D process refinement opportunities.
- An opportunity to share questions or areas of interest that you would like covered in these clinical sessions where we bring the right amount of industry recommendations and information back to you.
