## DOCUMENTATION

### 4-Part Webinar Series: June 4, 11, 18, & 25

- Are you weary of documentation headaches?
- Does your documentation take place at the end of the day or even the next day because it's too time consuming to complete right away?
- Do you struggle with physicians to get what you need without alienating them and their referrals?

This 4-part webinar series is aimed at nurses, therapists, social workers, aides, administrators, quality improvement staff and anyone who wants their patients to come first and not the documentation!

**Prepare your questions, concerns and documentation examples** of what makes you worry and keeps you from sleeping well. Let's learn from each other and go home at the end of the day with confidence on how to make documentation right the first time and leave those worries behind!

**Checklists for success are ready for you to share with your staff!**

**Presenter: Sandy Decker, RN, BSN**

**Vice President of Home Health Clinical & Regulatory Affairs, AHHC of NC/SCHCHA**

A registered nurse since 2005, Sandy received her RN and BSN degrees along with a degree in marketing. Sandy has most recently worked for CGS Administrators, a Medicare Administrative Contractor, as a Senior Provider Education Consultant, where she educated home health and hospice providers on Medicare home health and hospice clinical regulations, Patient Driven Groupings Model (PDGM), and Targeted Probe and Educate (TPE). Sandy performed medical chart review, analyzing information provided by the home health and hospice providers, and their staff and physicians using criteria set by Medicare standards and clinical guidelines.

Sandy also provided educational sessions with PGBA staff in the early days of Pre-Claim Review before it became Review Choice Demonstration (RCD). At CGS, Sandy was a Medical Reviewer with both Medical Review and Appeals before her educator position. She has presented at both national and state conferences for both hospice and home health for many years. Sandy has also been a paralegal and business analyst in both Iowa and North Carolina.

Prior to CGS, Sandy was a Clinical Supervisor, an RN case manager, and served in many capacities at hospice & home health agencies in Iowa. She also has experience as an adjunct Professor at the Iowa nursing college where she received her degrees.
