The Art of ICD-10-CM Coding for Home Health

Critical Concepts for 2018 and Beyond

A Two-Day Diagnostic Coding Workshop

WORKSHOP

The Art of
ICD-10-CM
Coding

FOR HOME HEALTH

Presented by:

Sparkle Sparks

With

OASIS Answers

This workshop is most appropriate for **intermediate** coders who are familiar with the foundational concepts of coding.

Baton Rouge
May 8-9, 2018

8:00 AM — 4:00 PM
Registration: 7:30 AM

Who Should Attend:

- All RN's
- Home care clinicians
- Supervisors & managers
- Coders responsible for conducting the comprehensive assessment, applying diagnostic codes, auditing records for accuracy, and training agency staff.

Speaker

● ● ●

Workshop Overview

Sparkle Sparks, PT, MPT, COS-C

AHIMA Approved ICD-10-CM Coding Instructor

Sparkle is a physical therapist working in home care since 1994 as direct care provider, staff educator, PPS analyst, OASIS & ICD-10-CM coding instructor and consultant. She draws from this extensive background to provide practical education that is both fun & effective. Sparkle is nationally known for her humorous approach and ability to explain difficult topics in terms that everyone in home care can understand. She has served as an advisor to and member of the Board of Medical Specialty Coding. Sparkle is a graduate of the American Health Information Management Association's Academy for ICD-10 Coding where she earned the designation of AHIMA Approved ICD-10-CM Coding Instructor. Sparkle holds the Certificate for OASIS Specialist-Clinical (COS-C) designation and is a Senior Associate Consultant with OASIS Answers, Inc.

13 CONTACT HOURS WILL BE PROVIDED

A TWO DAY DIAGNOSTIC CODING WORKSHOP

This highly interactive workshop fosters ICD-10-CM coding confidence and competence by providing participants with opportunities to demonstrate understanding of the course content. Case studies and exercises reinforce participant knowledge as they are asked to apply guidance presented. This self-assessment ensures mastery of the critical concepts needed for coding accuracy.

Attendees are encouraged to ask questions and participate in class discussions. **It is ESSENTIAL that participants bring a current ICD-10-CM Coding Manual to class** to fully participate in this learning experience. Accurate code assignment is not possible without a coding manual.

TOPICS

- Selection & Sequencing Criteria for Primary & Secondary Diagnoses
- Use of Chapter Specific Guidelines for Accurate Code Selection
- Discussion of New ICD-10-CM Codes and Guidance for 2018
- Review of CMS' OASIS Guidance for Home Health Coding
- Preview of Coding's Impact on the Proposed HHGM Payment
- Model
- Application Exercises & Scenarios to Enhance Coding Skills

Workshop Location

BATON ROUGE (May 8-9, 2018)

Embassy Suites
4914 Constitution Avenue
Baton Rouge, LA 70808
Phone: 225-924-6566
Room Block—$129.00 per night + tax, use code HC5

*Lunch provided each day

Source documents will be provided and reviewed at the workshop. This guidance will allow participants to further their education outside the class and arm them with the tools to research answers to questions that arise in their agencies. Mastering coding skills takes practice and knowing where to find guidance ensures coding accuracy and regulatory compliance.

This class is designed with intermediate coders in mind. We recommend a review of the ICD-10-CM Official Guidelines for Coding and Reporting for 2018, pages 8 – 18 of the document, found at: https://www.cdc.gov/nchs/data/icd/10cmguidelines_fy2018_final.pdf prior to the workshop. These pages describe and define the Coding Conventions (Section I.A) & General Coding Guidelines (Section I.B). It is expected that intermediate coders already possess this foundational knowledge as it will not be the focus of this class. Your pre-class efforts will greatly enhance your learning experience.

~~~~~~~~~~~~~~~~~~~~

MANDATORY: PLEASE BRING A CURRENT ICD-10-CM CODING MANUAL TO THE WORKSHOP.

Visit www.oasisanswers.com to order the most current version of the ICD-10-CM Coding Manual
