Blueprint for OASIS Accuracy Two Day Workshop

Workshop Presenters:

Kim Corral, RN, COS-C is a registered nurse, with a Master's in Education, practicing in home health since 1984, with much of her career in home health. She has been a leader in both clinical and operational positions at the regional and national level with large corporate home health agencies, providing the clinical voice of quality, while increasing efficiencies. Kim has extensive experience speaking for national home care organizations on OASIS data collection and strategies, documentation standards, and operational processes to support OASIS and ICD-10-CM coding accuracy. She holds both the Certificate for OASIS Specialist-Clinical (COS-C) and is an AHIMA ICD-10-CM Trainer. Kim is a Senior Associate Consultant with OASIS Answers, Inc.

Sparkle Sparks, PT, MPT, COS-C is a physical therapist working in home care since 1994 as direct care provider, staff educator, PPS analyst, OASIS and ICD-10-CM coding instructor and consultant. She draws from this extensive background to provide practical education that is both fun & effective. Sparkle is nationally known for her humorous approach and ability to explain difficult topics in terms that all in home care can understand. She has served as an advisor to and member of the Board of Medical Specialty Coding. She is a graduate of the American Health Information Management Association's Academy for ICD-10-CM Coding where she earned the designation of AHIMA Approved ICD-10-CM Coding Instructor. Sparkle holds the Certificate for OASIS Specialist-Clinical (COS-C) designation and is a Senior Associate Consultant with OASIS Answers, Inc.

OASIS C2 Data Set:

Effective, up-to-the-minute education targeted for field data collectors, their supervisors and those preparing for the COS-C Exam.

Experience the comprehensive and nationally acclaimed two-day Blueprint for OASIS Accuracy workshop and learn to confidently teach, audit and collect OASIS-C2 items accurately. Through guided, expert instruction, and participation in problem-solving discussions and application scenarios, achieve mastery of the OASIS items, conventions, and the latest data collection rules.

Rather than provide opinions, assumptions, or unfounded interpretations, the "Blueprint" presenters will model reliance on CMS guidance documents and provide and demonstrate strategies for how to find defensible answers to your OASIS questions.
