HEMOCARE ASSOCIATION OF LOUISIANA

Intermediate ICD-10-CM Coding Workshop

Presented by:

**Lisa Selman-
Holman**

Baton Rouge
October 10 –11, 2017
Two Full Days
8:30 am—4:30 pm
Registration at 8:00 AM

* Complimentary lunch
provided on each day

Who Should Attend?

- Home Care Clinicians
- Supervisors, Managers & Directors
- Coders & Coding Managers responsible for conducting the comprehensive assessment, applying diagnostic codes, auditing records for accuracy, and training agency staff.

Workshop Objectives . . .

1. Identify new and changed codes and guidance.
2. Explain the relevance of OASIS data items to diagnoses to payment.
3. Prioritize diagnoses based on clinical assessment and planned interventions.
4. Apply specific sequencing rules as required by the conventions and Official Coding Guidelines.
5. Explain coding of diagnoses of infections, neoplasms, endocrine disorders such as diabetes, anemias, mental disorders, and the nervous system.
6. Explain coding of diagnoses of cardio respiratory illnesses, cerebrovascular disease and GI & GU disorders.
7. Explain coding of diagnoses of the musculoskeletal system, injuries and poisonings, including the optional use of V, W, X and Y codes.
8. Describe the purpose and appropriate use of Z codes.
9. Use the coding manual to find codes and sequence diagnoses for home care scenarios in ICD-10-CM.

Intermediate ICD-10-CM Coding

October 1, 2017 brings us new codes, new instructional notes and new guidelines, all of which have been incorporated in this new class. Lisa is including more information regarding wound coding vs OASIS by special request. Experience the technical changes, documentation changes and efficiency changes that come with the new ICD-10 codes while ensuring you are proficient to code in ICD-10. You will walk away with in-depth working knowledge of ICD-10 coding, prepared for the ICD-10 certification test, and strategies for compliance with ICD-10.

■ ■ Who is Lisa Selman-Holman?
