**1:00 pm – 1:45 pm    Speed Dialog – A Networking Session**

Due to the success of this session at past events, Speed Dialog is back by popular demand. During this session, attendees will be presented with a series of scenarios and/or issues that each 3PM is likely to encounter throughout their tenure in this business. Attendees will be given a limited amount of time to discuss each topic with a small group of their peers and hear differing opinions on how to handle these real life situations. To keep things interesting each group will be shifted around after each issue is presented and discussed. The goal of this session is to give attendees an opportunity to meet as many 3PMs as possible and hopefully come away with some new contacts. Because of the limited time allotted to each discussion group, there will be no time for introductions. As such, each attendee should come with a stack of business cards to give to the other 3PMs they meet.
