The 2024 Legislative Update and Critical Issues Workshop

Canterbury Park, Shakopee, Minnesota—June 18, 2024

POST Credits – Approval pending
CLE Credits – Approval pending

At the time of this writing, Representative Nolan West advised me that our mortgage foreclosure proposals are moving to committee and will give a status update of House File 2484 at the seminar. The MSA will send you a copy of this bill when you register but I hope you will reach out to *your* legislator to help make this law, *making your job easier!* For those who cannot attend, they can reach out to me at letsllc@hotmail.com for copies.

The proposed changes will give you guidance on what to do with overages from mortgage foreclosure sales and help to eliminate the lawsuits and settlements that have cost sheriff's offices *a lot* of money.

Many sheriff's offices have been faced with junior creditor redemptions where the junior creditors are in dispute and demand the Sheriff decide what action to take! The new legislation will remove this responsibility from the Sheriff and place it where it belongs...in the courts.

Larry McDonough has been busy working with the legislature this winter and will address the legislative changes in the landlord-tenant law. Rana Alexander will discuss changes in the domestic abuse statute and any related issues.

This is a must-attend seminar with a great group of experts assembled by your Minnesota Sheriffs' Association! This information is critical for you and your county attorney!
