Intermediate ICD-10-CM Coding Workshop

Presented by:

Lisa Selman-Holman

Baton Rouge
October 10 - 11, 2018
Two Full Days
8:30 am - 4:30 pm
Registration at 8:00 AM

* Complimentary lunch
provided on each day

Who Should Attend?

- Home Care Clinicians
- Supervisors, Managers & Directors
- Coders & Coding Managers responsible for conducting the comprehensive assessment, applying diagnostic codes, auditing records for accuracy, and training agency staff.

Workshop Description . . .

Intermediate ICD-10-CM Coding

Lisa is including more information regarding wound coding vs OASIS by special request. Take the quizzes to obtain your Selman-Holman "Super Coder" certificate in wounds and advanced coding. Experience the technical changes, documentation changes and efficiency changes that come with the new ICD-10 codes while ensuring you are proficient to code in ICD-10. You will walk away with in-depth working knowledge of ICD 10 coding, prepared for the ICD-10 certification test, and strategies for compliance with ICD-10.

- Explain the relevance of OASIS data items for diagnoses to payment.
- Explain hospice specific issues with coding
- Identify changes in the code set effective October 1, 2018.
- Prioritize diagnoses based on clinical assessment and planned interventions.
- Apply specific sequencing rules as required by the conventions and Official Coding Guidelines.
- Explain coding of diagnoses of infections, neoplasms, endocrine disorders such as diabetes, anemias, mental disorders, and the nervous system.
- Explain coding of diagnoses of cardiorespiratory illnesses, cerebrovascular disease and GI & GU disorders.
- Explain coding of diagnoses of the musculoskeletal system, injuries and poisonings, including the optional use of V, W, X and Y codes.
- Describe the purpose and appropriate use of Z codes.
- Use the coding manual to find codes and sequence diagnoses for home care and hospice scenarios in ICD-10-CM.

Change is the name of the coding game and CMS never disappoints, with **615** code changes. Stay ahead of the game by continuing to increase your knowledge in this comprehensive 2-day intermediate coding course specific for home care coders.

We will apply the chapter specific guidelines in each applicable chapter and use lots of examples to increase your skills, proficiency, speed and accuracy in choosing the appropriate ICD-10-CM codes. Attendees will be able to demonstrate proficiency in complex coding scenarios and be ready to tackle home care charts with confidence. We will also apply OASIS-C2 and OASIS-D/ICD-10-CM coding data items and PPS changes to scenarios so that home health participants will understand payment implications and compliance issues. With government auditors targeting home care, now is the time to ensure that you are coding correctly and protecting your revenue.

Lisa Selman-Holman, JD, BSN, RN, HCS-D, COS-C, HCS-O, is a home care veteran with 30 years spent in home health & hospice, both as an RN and as an attorney practicing exclusively in home care. She is the owner of Selman-Holman & Associates, LLC, a full-service home care consulting firm; CoDR-Coding Done Right, a coding outsource and audit company; and CodePro University, on-line coding and OASIS education. Lisa is the chair of the HomeCare Coding Specialist-Diagnosis (HCS-D), HomeCare Clinical Specialist-OASIS (HCS-O) and the new HomeCare Coding Specialist-Hospice (HCS-H) national advisory boards for the Board of Medical Specialty Coding and Compliance (BMSCC), and is a BMSCC-approved educator. She is an AHIMA Approved ICD-10-CM Trainer.

■ ■ Where is the workshop?
