ABOUT THIS WORKSHOP

Palmetto GBA is pleased to announce our 2024 Home Health workshop series, titled “Medicare Home Health: Back with More in 2024”. These workshops are designed to equip home health providers with the tools they need to be successful in Medicare billing, coverage and documentation requirements.

These workshops will provide insight for home health agency staff at all levels.

Errors in billing and responding to additional documentation requests can be costly. During the workshop series, Palmetto GBA will provide information related to the most common errors and why these errors occur. We will also provide tips to avoid these errors. Palmetto GBA’s goal is to educate providers on the most up-to-date information and apply skillful techniques to their documentation and billing practices.
