Minnesota Sheriffs' Association Training Announcement:
The MSA and the Jail Standardized Training Committee are presenting a
Live Online Corrections Training Day for Jail Staff
December 16, 2020 8:00 AM – 3:30 PM

Professional Ethics: 8:00 am to 10:00 am

The Purpose/Goal of this course is to provide selected personnel with Training/Recurrent Training and Familiarity with Integrity and Ethics. The need for personal, departmental and professional integrity training is evidenced by the number of internal investigations, suspensions, job losses and news headlines that all too often shed negative attention to our profession. Breaches of ethical decision making and passive bystandership/failure to intercede are vital to understand and practice as pre-event expectations to protect our occupations. Through personal experience, discussions and reviews of actual case studies, we train to empower every professional to do the right thing personally and intercede when necessary

Break: 10:00 am to 10:30 am

Compliance without Conflict: 10:30 am to 12:30 pm

Emotionally Intelligent Communication in the Correctional Setting. If you aren't new to the world of public safety you have likely attended trainings that focused on either gaining compliance OR improving your interpersonal skills. Those who work in law enforcement and correctional settings learn how to merge these skills out of necessity for the job. What makes someone exceptional in their ability to communicate in the correctional setting? This session will focus on tools and methods to train individuals providing programming and services to those in custody on how to be most effective and safe with their communication. We will explore why "firm, fair, and consistent" are not enough and what insights emotional intelligence has regarding the way we respond to inmates

Lunch: 12:30 pm to 1:30 pm

Correctional Wellness: 1:30 pm to 3:30 pm

The Purpose/Goal of this course is to provide selected personnel with Training and Familiarity with the Stress / Shock phenomenon when dealing with Critical Incidents. This includes what reactions we can expect, tips to assist in dealing with the aftermath, and how precrisis rehearsal and expectancy can mitigate our reaction to Critical Incidents. The course also discusses Cumulative Stress, developing a personal plan to foster Emotional Health & Officer Wellness with stress alleviating activities.

Live Online: Zoom Link will be emailed to the attendees prior to class.

Registration Costs: \$25 per person administrative fee.

Registration: Register for this training at www.mnsheriffs.org under Jail Trainings.
