## Training Announcement

The Minnesota Sheriffs' Association is sponsoring  
Rick Hodsdon's live E-learning training:

### **Basic Data Practices for Law Enforcement**

**June 18, 2020**

**1:00 PM – 3:00 PM**

#### **About the Instructor:**

**Richard Hodsdon** has spent all of his professional life representing and defending state and local officials, conducting criminal prosecutions, training and advising criminal justice and government officials. Rick has spent 8 years as a special assistant Minnesota Attorney General, a year in private practice and over 30 years as an assistant county attorney for Washington County Minnesota. Rick has been legal counsel for the Minnesota Sheriffs' Association since 1987

#### **COURSE DESCRIPTION**

This course is going to get you started in the mysterious and complex world of data practices. By the time you are done you should have a basic understanding of the terms and definitions used throughout the government in dealing with data practices and a starting knowledge of the special aspects of dealing with law enforcement data. This is a short course packed with a lot of information. If you are new to a sheriff's office or police department and deal with records in any way or are a peace officer who thinks data practices is only something the records stuff has to deal with you need this course.

This is one of the courses many in our public agencies have said, "I wish I would have had this course **before** we were challenged over our data policies."

**Cost:** \$40

**E-learning:** Link will be sent to registrants prior to the training date.

**P.O.S.T. Credits:** 2

**Registration:** MSA web site at [www.mnsheriffs.org](http://www.mnsheriffs.org) under Rick Hodsdon Trainings
