

Holly Hoglund Klein

MSBOA Grant

On March 3, 2015 the school bus industry lost a wonderful woman, mother, and business owner in a tragic automobile accident.

It is in Holly's spirit that we honor her by supporting one of the things she felt most strongly about - supporting women in school transportation.

Holly's story is one of great success in her own business, but she continually strived to find ways to empower other women in the industry.

We hope that by continuing Holly's vision for empowering women, we can keep her memory alive for all of the many people whose lives she touched.
